

## Please pray for:

- New opportunities and activities, and give thanks for the open doors that we enjoy in so many schools
- The individuals we come into contact with; building relationships and trust
- Strength for the young people and staff, as we head into the darker weather season
- The Engage team to continue in unity and togetherness
- The assembly team and preparation of the Christmas presentation
- All involved in our schools, and give thanks for encouragement for any interested in joining in
- Encouragement, as we speak God's word, and bring good news to young people in the town

Merry Christmas from all at Engage

Engage

The word "Engage" is written in a white, cursive-style font. A thick white underline starts under the 'E' and curves under the rest of the word. At the end of this underline, on the right side, are three stylized white human figures of varying heights, representing a group of people.
